PRICE FIVE CENTS

MINOT GOLFER CAPTURES STATE CHAMPIONSHIP ON COUNTRY CLUB LINKS IN HARD-FOUGHT CONTEST

Ray F. Smith is Victor Over Edward B. Cox, of Bismarck, in Final Event of State Tournament—Both Men Play Excellent Golf and Large Crowd Follows Players in Hot Sun—Receive Trophy Now Held by Reuter

WIND HANDICAPS PLAYER

Ray F. Smith, of Minot, won the North Dakota amateur golf championship at the Country Club this afternoon over Edward B. Cox, of Bismarck, in a closely contested match.

Smith was 2 up and one to go on the 35th hole of a scheduled 36 hole match.

The match between the two contenders for the championship, who survived the rounds for the four previous days of the tournament, was keenly followed by golf enthusiasts.

Cox Leads at Noon

Cox was leading when the 18th hole had been completed at noon, but Smith recovered in the afternoon and tied Cox before the 27th hole.

Smith was playing remarkable golf during the tournament, but the showing made by Cox is considered the more remarkable, as last year was his first year of golf.

Officials of the Country Club are trying to arrange a match between Mr. Smith, the new state champion and John Reuter of Dickinson, 1919 holder for Sunday afternoon. If held this will be merely an exhibition match. Smith wins the cup now held by Reuter.

While badly handicapped by the wind both men played very good golf. The features of the match are the excellent putting of Cox and the powerful driving of Smith. Smith drove from the fifth hole to the sixth, a distance of 305 yards in one shot. Cox won the seventh hole by sinking an unusually long putt.

The men began play at 9:30 this morning. Smith drove first. The count was even up until the fourth hole when the Minot man spring into the lead. Cox quickly came back and by playing a steady and consistent game was two in the lead at the end of the nine hole.

Stages of the match at the 11 hole Smith staged a come-back and won three holes in succession. They halved the next. Smith won the 15 making him two up. Cox then won the next three and ended at the 18 hole one up.

Both players made good scores in covering the 18 holes. Smith and Cox each covered the course in 84 strokes. Cox made 42 on the first round and (Continued on Page Three)

NORTH DAKOTA EDITORS WILL MEET IN FARGO

Important Problems to be Discussed at Press Association Meeting August 6 and 7

The North Dakota State Press association will hold its annual meeting at Fargo, August 6 and 7. The largest number of publishers that ever attended the state press meeting are expected to be at this convention.

It is planned to take up and discuss at this convention problems that are of vital interest and importance to every North Dakota editor.

At this time the officers of the association are unable to announce a complete program, but they have made arrangements for some very interesting and instructive lectures and discussions.

James Schermerhorn, editor of the Detroit Times, will address the publishers at one session. P. J. Harrington, adjutant of the Bismarck post of the American Legion will tell the convention "What the Legion Stands For." A number of publishers will also discuss timely topics. Those who have been secured to date are: George Farries of Williston; C. D. Stiles of McKenzie; James Rockwell of Fargo; C. P. Anderson of Hutton; D. W. Dickinson of Finley; H. Goddard of Ellendale and C. E. Royden of Lisbon.

It is planned this year to bring about a permanent organization of the women interested in newspaper work. It is expected that many women journalists will attend the meetings. A special program has been arranged for them.

FAMOUS FLYER DIES IN FALL

Washington, July 10. Leaving Bolling field here yesterday to participate in a celebration at Baltimore, Lieut. Pat Logan, said by aviation officers here to have been one of the best "stunt flyers" in the country, fell 2,000 feet at Dundalk field. He sustained a fractured skull which caused his death an hour later. He formerly lived in Detroit.

ARMY SOUNDS GOOD TO THIS YOUNGSTER

A khaki clad recruiting sergeant was walking down the street in Bismarck yesterday when he was stopped by a youngster, who involuntarily drew his heels together and spoke in a military manner.

"Is it true that the army builds a man's mind and body?" he asked soberly and in all earnestness.

"Yes, son," said the officer. "The army does all that and some more."

"Guess I'll be a soldier," said the boy, and passed on.

NAME RECEIVER OF STATE BANK AT MARMARTH

State Banking Board Acts When Shortage in Funds is Disclosed Through Examination

A receiver for the Farmers' State Bank at Marmarth, Slope county, has been named by the state banking board.

The action was taken after three voluntary closing of the doors of the bank because of lack of funds to continue the business. It is estimated that there will be a deficit of from \$5,000 to \$20,000, which will be paid out of the state fund guaranteeing bank deposits.

L. E. Dickerson, named temporary receiver, immediately will close up the affairs of the institution.

Bad management was the cause of the bank's failure, according to O. E. Loftus, state bank examiner. Considerable poor paper was found in the bank.

The bank was organized in 1911, being chartered on April 3 of that year. Its capital stock was \$20,000. When the bank failed its deposits amounted to \$92,000.

Three weeks ago the cashier closed the bank and asked for an examination. The action resulted in the appointment of a receiver.

F. G. Delancey, who was president of the bank, died in a hospital in South Dakota, recently.

MILLS IS BACK, GETS GLAD HAND AT THE CAPITOL

Walter Thomas, Exponent of Townleyism in Many States, Visits Old Friends

Walter Thomas Mills is back in his old stomping grounds.

The exponent of the principles of the Nonpartisan league, eminent socialist and advocate of public ownership of all lands, visited the capitol city, conferred with Governor Lynn J. Frazier and was escorted about the city by admiring friends and leave office holders.

Mills has not changed materially since he, the doughty little, be-whiskered, hatless orator, began to campaign in the state for Arthur C. Townley. Mr. Mills, who came from someplace out of the east where he knew as a socialist warrior, was deeply imbued with the spirit of the cause and his red-tinted oratory and flowing whiskers became a common platform sight.

The propriety of having an outsider come into the state to tell the voters what to do did not set well with all North Dakotans, nor did the tenor of Mr. Mills' remarks concerning American boys in France gain much acclaim. He hid himself away from North Dakota, after his remedies had been duly taken, to conquer new fields.

Mr. Mills has bobbed up at several places and had bobbed out of others. One of his notable feats is said to have been a remarkable long-distance run in the state of Washington, where with the handicap of wind resistance to his whiskers, he is said to have traveled several miles in front of a crowd. He also came in contact with some eggs of doubtful age in Kansas recently. It is said, when American Legion boys objected to his remarks.

The doughty little "captain" was first seen in the statehouse standing in the middle of the corridor in conversation with Governor Frazier whose figure loomed big in contrast. At the side of them was a bust of Abraham Lincoln.

Although Mr. Mills, in his book, "The Struggle for Existence," advocated public ownership of land, he was received with icy, apparently, in the office of the Commissioner of Agriculture.

FAIR EXHIBIT TO SHOW GREATNESS OF NORTH DAKOTA

The state immigration department will have an exhibit at the state fair to be held in Fargo July 12 to 17, it was announced today.

LEAGUE HEADS SEE DANGER IN PRIMARY RESULT

Partial Victory Shows Great Cuts Over Previous Majorities All Along Line

4 INDEPENDENTS NAMED

Hall, Steen and Williams Victorious on Face of Returns and Miss Nielson Has Big Lead

Leaders of the Nonpartisan league are worried about the future of the league, plainly worried, as the full returns of the primary indicate the narrow margin by which the league won a partial victory, are being disclosed.

The league majority in the primary of two years ago is cut from 16,700 to Frazier's majority over Langer of 5,274, the total vote on Governor being Frazier, 50,440; Langer, 54,172.

Thomas Hall, independent Republican, denounced by the league, showed the way to Senator Cahill. With practically complete returns received Hall is leading Cahill by nearly 6,000 votes.

John Steen has defeated R. H. Walker, registered socialist, for the nomination for state treasurer by a majority of approximately 1,000, with a few precincts missing.

Dupuis Low Man

Jack Williams, independent Republican, has been named to the rail commission, defeating C. F. Dupuis, present chairman of the commission, on the face of returns from over 1,000 precincts, which give the following vote for railroad commissioners: McDonnell, 45,324; Milhollan, 43,556; Williams, 43,471; Krueger, 42,151; Stutman, 41,226; Dupuis, 40,231.

Dr. Ladd had beaten Senator Grona by about 4,500 votes. William Lemke will win over Richard Gallinger for attorney general by only about 2,000. Carl Kositzky, state auditor, will be about 2,000 to 2,500 votes behind D. C. Foidenreich, when complete returns are tabulated.

S. A. Olesness, state insurance commissioner, and John N. Hazan, commissioner of agriculture, led the field. The two will have majorities of about 8,000, while Howard Wood's majority over Frank Streeter for lieutenant governor, will be about 6,000.

The names of Judges A. M. Christianson and Seth W. Richardson both will go on the ballot this fall. In 1917, Judge Christianson was leading Richardson by 900 votes, which indicates that if Richardson passes him it will be only by a small majority.

Though the league made a desperate effort to get more votes for Ruth M. Johnson for superintendent for public instruction than for Minnie J. Nielson, it appears that Miss Nielson's majority will be about 10,000.

SENATOR NEW TO HEAD COMMITTEE

Chicago, July 10. Republican national headquarters today announced that Senator Harry S. New, of Indiana, will head the Republican campaign speakers bureau.

BRITISH SEND PERSHING SWORD

Washington—Sir Auckland Geddes, British ambassador, presents beautiful sword, adorned with gold work and jewels, to General John J. Pershing, the gift of the British people. Presentation at the British embassy.

'NEWSIE' FINDS WAY TO GET LOST PENNY

The ingenuity of a barefoot kid knows no bounds.

A bunch of Bismarck newbies gathered over a grating in the sidewalk, and looked down, much agitated. One of them had dropped a penny through the iron bars.

"It's gone," wailed the youngster who dropped it.

"No, wait," replied another.

And he took a wad of chewing gum out of his mouth and affixed it to the end of a sharp-pointed stick, stuck it through the grating and brought it back with the penny stuck on to the chewing gum.

POLES FALLING BACK IN FACE OF RED DRIVE

Evacuate Fortress and Dispatch Indicates Withdrawal to Frontiers of New Republic

Paris, July 10.—Polish forces are withdrawing from Brest-Litovsk, Vilna and Pinsk as a result of the great Russian Bolshevik offensive, according to a telegram received by the newspaper.

Evacuation of Brest-Litovsk, Vilna and Pinsk would seem to indicate a general withdrawal of the Polish line to the frontiers of that new republic.

Latest dispatches from Warsaw have shown the Poles to be struggling against the Bolshevik armies a considerable distance east of Brest-Litovsk.

Brest-Litovsk is approximately 120 miles east of Warsaw and is a strongly fortified town.

Pinsk is located on the Pripiet river, about 55 miles east of Brest-Litovsk. Vilna is the principal city of Lithuania and is about 295 miles northwest of Warsaw.

USED MONEY FOR POLITICS, KENYON SAYS

St. Louis, July 10. Repeal of the appropriation granted by the last congress to fight the high cost of living will be demanded by Senator Kenyon on the ground that it was used primarily to boost Attorney General A. Mitchell Palmer for the Democratic presidential nomination, the senator said today.

Senator Kenyon, chairman of the senate committee investigating presidential campaign expenditures, which is holding hearings here, said he was convinced that little of this appropriation was used to fight the high cost of living.

FIGHT CHOLERA

Shanghai, July 10. Chinese Young Men's Christian association of Shanghai has begun a campaign to prevent a recurrence this year of the cholera epidemic which gripped the whole Shanghai district last summer. Lectures, demonstrations and parades were arranged to urge the public to follow sanitary measures of living.

ADMITS MURDER OF TWO; 'LOVED WIFE TOO WELL'

Former Army Officer Carl Wanderer Confesses to Brutal Crime to Chicago Police

STRANGER ALSO VICTIM

Invited Ragged Unknown to Home so He Could Slay Him and Then Pin Blame on Him

Chicago, July 10.—Carl Wanderer, former army lieutenant, and confessed slayer of his wife, an unidentified stranger, was ordered held to the grand jury on two charges of murder by the coroner, this afternoon.

State's Attorney McLaughlin will demand an immediate hearing and the death penalty for Wanderer, who confessed last night to the horrible crime, which had baffled detection for weeks.

The motive was first given by Wanderer as a desire to go back in the army free from martial ties; later it was revealed according to the police, that he wished to inherit her estate and did not intend to rob her. Wanderer is said to have signed his confession after coolly reading over the stenographic copies of his statement. He said calmly that he was through talking and was waiting for the hanging according to police officers.

Wanderer was taken to detention home No. 1, where a heavy guard was placed over him to prevent escape or an attempt to harm himself.

Enticed on Victim

In his confession police said he had deliberately shot to death his bride of a few months and he also shot an unwitting victim of his planning, a man unnamed, whom he enticed to his home so he could kill him and then accuse him of having tried to rob him and his wife.

In two months his wife would have become a mother. The unidentified man used by Wanderer to pose as a robber and then slain was partly identified as Wm. Noth, who in 1911 or 1912 was employed by a circus while in South Bend, Ind.

"We shall go before the grand jury and ask his indictment on a charge of murder," State's Attorney McLaughlin said. "It is one of the most cold blooded and boldest crimes in the history of Chicago. We shall ask immediate trial and the rope."

Wants to Hang

"I want to be hanged," Wanderer said. "I hope to join her in death. I wonder if she will forgive me. Well, I loved her too much to let another man get her but I didn't want her myself."

Wanderer said he did not wish to desert his wife and join the army but wished to be "free."

One of the anomalies of the case was the romance of the couple and their supposedly happy married life. Carl had never smoked, chewed, drank or indulged in slang, but but one love affair, the one with Ruth Johnson, who became his wife.

Family Can't Believe It

"She was the only girl I ever loved," he told the police. He took her to church every Sunday. They married after he returned from France. The family of the dead wife expressed reluctance to believe the confession.

He got to hear it from his own lips before I'll know what to think," said Ruth's brother, Carl Johnson.

"I'll go down to see him today and then I'll ask him."

Wanderer would not allow his mother to be notified. From June 21 until yesterday the mystery had been known as the "case without a clue."

The story of how the ragged stranger was hired to be the unwitting victim in the double murder was told by Wanderer in the same, cold blooded, unemotional way he related the story of his wife's death.

Hired Stranger

He picked up the man on the west side on the day of the murder by offering him a job as a truck driver. An appointment was made for the evening. When the stranger came, Wanderer told him he wanted the man to follow Mrs. Wanderer into the apartment and stage a fake holdup. The stranger agreed.

Wanderer returned home and dined with his wife and mother-in-law. Then he took Mrs. Wanderer to the movie. He had two guns in his pocket with him. When they returned to the theater, the stranger played his part as expected and was met with a stream of lead. Wanderer then shot his wife, once in the knee and once in the breast. She died in a few minutes.

Her only words were: "The baby!" The child was expected in two months. When witnesses arrived the ragged stranger was on the floor shot in a half-dozen places and Wanderer was kneeling beside the body.

WEATHER REPORT

For twenty-four hours ending at noon, Saturday, July 10.

Temperature at 7 a. m.	59
Highest yesterday	59
Lowest yesterday	53
Lowest last night	53
Precipitation	None
Highest wind velocity	23-8

Forecast

For North Dakota: Generally fair tonight and Sunday; warmed in the south portion tonight.

CRYSTAL SPRINGS WOMAN, WHO IS SUFFERING FROM LEPROSY, WILL BE ISOLATED FROM REST OF COMMUNITY

FORD ACQUIRES RAILROAD; COAL SUPPLY ASSURED

Michigan Manufacturer Expected to Make Improvements to Benefit Other Industries

2,000 EMPLOYEES ON ROAD

Detroit, July 10.—Purchase of the Detroit, Toledo and Ironton railroad by Henry Ford and his son, Edsel, was announced today by E. G. Leibold, secretary to Henry Ford. The purchase price was not disclosed.

Purchase of the road was in part the outgrowth of difficulties Michigan industries have experienced for several years in obtaining coal from southeast bituminous coal fields. Running direct to Detroit from the coal fields and avoiding the congested cities the line was recognized as a factor in the industrial life of Michigan by the manufacturers' association, which several months ago appointed a committee to look into its purchase.

Need Docks

The plan was abandoned, however, when it was found that dock facilities could not be obtained. Mr. Ford then took up the case primarily to assure coal supply for his Detroit industries, but through contemplated extension of terminals industries generally in the Detroit area and those in other Michigan cities are expected to benefit from the purchase.

Some 2,000 employees of the railroad, Mr. Leibold said, will immediately receive the benefit of the Ford bonus system.

NEW PARTY HEAD FOR OWNERSHIP BY THE PUBLIC

Would Take Over Transportation System and All Basic Industries Temporary Chairman Says

Chicago, July 10. Both the Republican and Democratic parties were denounced at the opening of a proposed third party national convention here today.

Allen McMurtry, temporary chairman of the party, declaring the country wants "lower taxes and freedom." He said the issue on which the party would make an appeal would be the "abolition of special privilege."

"To accomplish this purpose," he declared, "it proposes public ownership of transportation and of the principal basic resources of the country and declares that all land held out of use for speculation should be forced into use by taxation."

Seek League Support

The platform was framed in an effort to draw into the "third party" the labor party and the World War veterans, which are holding conventions here, and the organizers count on the supporters of the Nonpartisan league, which is represented here.

The full success of what we are trying to accomplish would include our getting the support of organized labor, sympathizers of the single tax, the Nonpartisan league and the bulk of the independent voters of the country," said J. A. H. Hopkins, chairman of the committee of 48, which called the meeting.

Makes No Prediction

Mr. Hopkins would make no prediction as to the probable nominee for president and vice president. He said a petition to returns from a questionnaire sent out last week. Out of 2,000 replies received, LaFollette had the greatest number of first choices for president with 224, Hoover 191, Debs 172 and Johnson 157.

Hoover and Johnson have both declared they will support the Republican ticket, Eugene Debs, now in prison, will be named by socialists, and a committee which visited Senator La Follette failed to obtain a definite announcement that he would accept the nomination.

Bolt Threatened

Several organizations in the combine are threatening to bolt unless their planks are included in the platform. Among those actively working for planks are the People's Money party, the Farmers Equity society, the Producers and Consumers league and the league for the Independence of India.

Representatives of the Nonpartisan league, who conferred with the labor party, are reported to have pledged their aid in the formation of the new party announced today that they were attending the conference "on personal capacity only."

LaFollette Silent

Madison, Wis., July 10. Senator LaFollette is not expected to give his word in the third party matter today. Robert J. La Follette, Jr., secretary to his father, said that he had no word from Chicago to watch the third party movement get under way. It is said from what can be learned of the men who have conferred with the senator, he will not lead the party if it is broken up and is not in full accord with his platform.

The first trip across the Atlantic by steam was made in 1819 by the Savannah.

Armed With Official Order Sheriff of Kidder County is Planning to Effect Isolation of Woman Today—While in Last Stages of Disease Family Has Lived With Her Constantly for Several Years—Examination Settles Case

MOTHER OF LITTLE CHILD

The "leper of Kidder county," a woman named Houst at Crystal Springs, 60 miles east of Bismarck, will be segregated from contact with all other human beings, except attendants, to pass the rest of her life.

Armed with an official order, Sheriff Bilbin of Kidder county, and Mrs. Rose Lewis, nurse attached to the state board of health, is in Crystal Springs this afternoon to effect an isolation.

It is probable that a little tract of ground, with a house, will be obtained for the woman to spend her remaining days, which probably are not many.

Family With Her

For years the Houst woman has been living in Crystal Springs with her father, mother and nine-year-old fatherless girl. Though dreadfully marked with disease people have passed in and out of the house, and the little girl has been her chief attendant.

Some people have thought she was suffering from a social disease. When Mrs. Lewis, formerly a nurse with the American Expeditionary Forces, learned of the case a few weeks ago, she immediately took action to dispose of the case.

She called Dr. Ruedger, of Bismarck, there for an examination of this being made in June. He also examined the little girl, and found the girl free from disease. Dr. Ruedger had had experience with leprosy in the Philippine Islands and he immediately pronounced the case leprosy in the final stages.

Obtained Order

Mrs. Lewis obtained an order from the office of Attorney General Langer yesterday to go ahead with the proceedings to effect an isolation.

The Houst woman is 42 years-old and is a native of Russia. She is believed to have brought the disease from Russia. Leprosy is prevalent in Japan and China and is not unusual in Russia, according to Dr. Ruedger.

The house in which the woman lives in Crystal Springs has been fenced off, and the little girl has not been permitted to go to school, but the isolation has not been complete.

In Horrible Condition

Leprosy, according to Dr. Ruedger, is transmitted by germs, in much the same manner as tuberculosis, and it is not expected that any people who have visited the home of the woman have been infected with the disease.

While the little girl has not been permitted to go to school it is said that has frequently gone to the local store, and has come in contact with other people.

The woman now is approaching the last stages of the disease. It is said, she is in horrible condition. Her finger on her right hand has dropped off, her left hand is held to her arm only by skin and her right arm is in the last stages of disintegration. It is said, she has a hole in her frontal bone, and is marked in numerous places about the head.

CORN ACREAGE IS INCREASED IN THE STATE

Month Favorable for Crop Development Says Government Crop Agent in Report

(Special to the Tribune)

Grand Forks, N. D., July 10. A heavily increased acreage, a slight decrease in the flax and potato acreage, and an average or better condition for all crops except rice are indicated in the July 10 report from several hundred reporters of the U. S. Bureau of Crops Estimates for North Dakota. It was announced today by A. H. Barrett, state field agent.

The month of June was generally favorable for plant development, he says, deficiency in moisture in the southwest part of the state being largely met by favorable rains.

The state corn acreage shows an increase of 35 per cent over that of last season. The season's acreage of 658,000 has been exceeded only by that of 1914, with 700,000 acres.

Flax acreage shows a 7 per cent decrease from 1919. The condition for flax as a whole for the state is well above the average, it is stated.

The potato acreage is 6 per cent less than in 1919. Scarcity and high price of seed account for the decrease.

Dry weather in the early part of June resulted in some uneven prospects in the southwestern and northernmost counties. It is stated, but the hay and pasture prospects over most of the state are favorable.

ONLY HORSE RACE

St. Louis Mo., July 10. Jim Cox, a mule, named for the Democratic presidential candidate, defeating Hardack, a gray horse, at a race at a county fair near here yesterday.

YOUNG RECEIVES MOST VOTES IN CO. PRIMARY

Congressman Led Entire Ticket, with Thomas Hall and Wm. Langer Running Strong

OFFICIAL VOTE TABULATED

Democratic Vote is 142. About Forty more in Vote in 1918 Primary

Congressman George L. Young led the Victory Ticket in Burleigh county in the primary, official figures compiled by the county canvassing board today disclosed.

Young received 1797 votes, William Langer received 1715 and Thomas Hall, candidate for the nomination for secretary of state, received 1738 votes. Langer's official majority of 208 in the county over Governor Frazier bears out unofficial figures, and shows a turn in Burleigh county of 519 votes over the 1918 primary. Frazier carrying the county by 311 votes in that primary.

Some Vote About Normal

The Democratic vote was but little under normal, and indicates that probably the usual Democratic vote was cast in the primary. Some of the voters cast scattering votes for candidates other than those on the tickets, or made the wrong choice. Lynn J. Sperry, for instance, Victory ticket candidate for state senator, received 17 votes for the Congressional nomination, and Thomas Pendray, Non-partisan candidate for the congressional nomination, received a few Democratic votes, as did some other candidates on both tickets competing in the Republican primary.

The League Claim
The claim of the league leaders that Frazier's majority over two years ago was not in this year's primary because Democrats voted in the Republican primary is shown to be not substantiated by the facts, as shown by the Burleigh county vote.

There were over 125 Democratic voters registered in Bismarck, and only 31 were cast. Two years ago there was a contest among the Democrats, while this year there was not, and it is evident that a large number of Democrats failed to vote.

The majority of Senator Gronna was badly cut in Burleigh county. Frank White getting what probably would have been his normal majority.

The canvassing board, which began work yesterday, was concluding today, tabulating the figures on the night offices, which will be finished by noon. The official county totals on offices thus far tabulated is as follows:

U. S. SENATOR

A. J. Gronna	1511
E. F. Ladd	1423
Frank White	307

FOR CONGRESS

Geo. Pendray	1268
Geo. W. Young	1797

FOR GOVERNOR

William Langer	1715
Lynn J. Frazier	1507

LIETENANT GOVERNOR

Frank Streeter	1640
Howard Wood	1466

SECRETARY OF STATE

Thomas Hall	1738
J. I. Cahill	1392

STATE TREASURER

John Steen	1714
R. H. Walker	1411

ATTORNEY GENERAL

Richard F. Gallagher	1467
Wm. Lemke	1430

COMMISSIONER OF INSURANCE

Henry T. Quabach	1530
S. A. Olness	1522

COMMISSIONER OF AGRICULTURE AND LABOR

Arthur H. Hagan	1553
John N. White	1522

RAILROAD COMMISSIONER

W. H. Stutsman	1588
E. J. Krueger	1537
Jack Younger	1560
Charles Dupuis	1291
Frank Milhollan	1442
C. W. McDonnell	1408

Lynn J. Sperry, anti-Townley candidate for state senator, defeated Sen. C. D. King, Non-partisan, by 1652 to 1320.

Victor L. Anderson led the anti-Townley ticket for state representative, getting 1607 votes; Harold Semling, 1592; L. D. Heaton, 1580, and the Non-partisans, L. D. Bailey, 1334; C. O. Kell, 1240; Frank L. Prater, 1352.

O'Connor Gets 130 Votes
The county Democrats gave J. F. T. O'Connor, their unopposed candidate for the nomination for Governor, 130 votes, of which 31 were cast in the city of Bismarck.

Lynn J. Frazier received 7 Democratic votes and William Langer 5. Two years ago there were 198 Democratic votes, showing not much change in this year's primary.

HUSBAND GOLFING WHEN WIFE DIES

New York, July 9.—The body of a well-dressed woman, in whose vanity bag was found a note asserting she was the wife of Daniel M. Bedell, millionaire gambler, was found early today in the lake in Central park.

A man who gave his name as Henry A. Capel and said he was Mr. Bedell's secretary, later identified the body as that of Sally Bedell, his employer's wife. Mr. Bedell, he said, was up state on a golfing trip.

PRESIDENT STAYS IN WASHINGTON

Washington, July 9.—President Wilson does not now plan to spend any part of the summer away from Washington. It was stated today at the White House as he does not find the weather here uncomfortable.

GERMANS' DEBT TO FRANCE SHOWN

Paris, July 9.—A reparations balance sheet has been drawn up by the French Minister of Finance. It is intended to show at a glance on any date the condition of the account between France and Germany. On the debit side will appear all expenditures made by the French government which, under the treaty of Versailles, are chargeable to Germany. These will include sums paid for reconstruction for war damages and for pensions.

The billions already paid out for these objects make the sheet list heavily to the debit side; the credit column reserved for payments by Germany is still blank.

WETS HAVE EDGE IN COMMITTEE OF NEXT CONGRESS

Defeat of Volstead and Death of Morgan Change Committee's Complexion

Washington, July 9.—The severe blow dealt to the cause of prohibition by the defeat for renomination of Representative Andrew J. Volstead, chairman of the judiciary committee, which handles all legislation dealing with the liquor question, is emphasized in the fact that by the death of Representative Dick T. Morgan, Oklahoma, a dry, who would have been chairman in the next congress, the chairmanship of the committee will now go to a wet.

Representative G. S. Graham, Pennsylvania, Republican, is in line for the chairmanship if, as is expected, the Republicans control the next House. In case the Democrats should be in control, Representative W. L. Igoe, Missouri, Democrat, probably would be made chairman. Both of these members are very much of the wet persuasion, opposed to the last ditch movement for repeal of war-time prohibition and favor the sale of beer and light wines.

That does not mean, of course, that all of the committee would be wet, or that the House would follow the recommendations of the chairman. But it would give the head of this committee control over the conference committee in all legislation pertaining to amendments to the Volstead prohibition law. It means also that the wet contingent in congress will be given further encouragement in the efforts that undoubtedly will be made to obtain what they believe is more sane and sensible legislation to carry into effect the provisions of the constitutional amendment.

The supreme court having decided that congress has the right to define alcoholic content and to determine what is "intoxicating" liquor, the question is brought up squarely in every congress.

POLICE GUARD FIGHTS BEES

Berlin, July 9.—A colony of bees the other day swarmed in the gaping jaws of the big stone lion ornamenting the gateway of President Ebert's residence, which was formerly Bismarck's old townhouse and later the imperial court marshall's residence. The police guard drove them out with the garden hose.

PRINCE OF WALES LAUGHS AT DANGER

London, July 9.—The Prince of Wales was hurried through the window of an overturned car when his train was wrecked yesterday, says a dispatch from Perth, Australia, to the London Times. Soon after climbing from the wreck the Prince was joking and good naturedly chaffing the West Australian Premier and other officials accompanying him. He was cheered by a crowd that witnessed his dramatic escape from the wreck. Some members of the Prince's staff received bruises of a slight nature.

NEW WAR PLOT FOR RENEWAL OF HAPSBURG RULE

Militarists Aim to Kill Effect of Allied Win and Restore Hapsburg

FORMAL PROTEST IS MADE

New York, July 9.—In pursuit of its ambitious scheme to restore the monarchy of the Hapsburgs and the rule of the Magyar junker caste over the liberated peoples of the former Dual Empire, the militarist regime of Admiral Horthy, the Hungarian regent, has singled out the republic of German Austria, the weakest of Hungary's neighbors, as its first objective.

The formal protest of the Austrian government, recently reported, against the maintenance at Zalaegerszeg, a Magyar city near the Austrian border, of the legion of former Austrian army officers, with the obvious aim of organizing an armed raid on Austria, came as the climax of a series of disclosures.

Endangers Peace
The protest that the Magyar government had allotted ten million kronen to the instigation of a monarchist movement, and that recruits for the anti-republican legion were actually enlisted by Hungarian officers on Austrian soil.

The presence of the legion near the Austrian border, the protest concluded, "not only endangers the internal peace of the Austrian republic, but is a fact which may lead to regrettable disturbances in the relations of the two neighboring states."

For several months royalist activities, aiming at the restoration of the Hapsburgs, have constituted an open scandal at Vienna. The Austrian capital swarms with hundreds of Hungarian army officers, many of them wearing uniforms; of secret service operatives, agents provocateurs and spies of all description. The movement has been traced directly to the Hungarian legation.

Officers Took Part
Thus it is an established fact that in the violent anti-Semitic outbreaks of a few weeks ago, which led to the closing of Vienna University, Hungarian officers and other agents had an active part. The movement is supported by the Christian Socialist party of Austria, and a section of the Austrian aristocracy and the old bureaucracy.

Vienna newspapers publish documents in proof of a conspiracy to smuggle large quantities of arms and ammunition across the Hungarian border. These supplies were left over by the old regime, and the government of the Austrian Republic is bound by the peace treaty to deliver them to the allies.

RESERVE BANK OUTLINES CROP MOVEMENT AID

1920 Crops to be Difficult to Market, Official Says in Talk to Elevator Men

PREDICT A GREAT YIELD

Minneapolis, July 9.—Urging farmers of the Northwest to make preparations for the backing up of grain on the farms this fall, the Minneapolis Federal Reserve bank outlined its policy in regard to the disposal of the 1920 crop in which it suggested that inadequate transportation may prevent the movement of a large amount of grain to the market.

The plans of the bank for assisting the crop movement were made known today by Curtis Mosher, assistant Federal Reserve agent, in an address before the Tri-State Grain Shippers' Association in convention at the West hotel.

Grain Disposition Problem
Present prospects are that the Ninth Federal Reserve district will raise a crop of 550,000,000 bushels of wheat, barley, oats, rye and flax, Mr. Mosher said. With the elevator capacity of the Northwest approximately 225,000,000 bushels, Mr. Mosher said it is a grave problem as to what may be done with the grain after the elevators have been filled to capacity.

"The Federal Reserve bank does not believe that transportation will improve rapidly enough to meet the demands that will be forced upon it by the harvesting of the grain," said Mr. Mosher.

The prospective margin of the crop above the elevator capacity will be about 450,000,000. It is obvious that this quantity of grain cannot move to the market promptly in view of the present shortage of box cars, and, of course, there are either two alternatives for the farmer, namely, to ship the grain or keep it on the farm. And the shipping conditions have not improved sufficiently so that there is any hope for a normal crop movement.

"Contending with the slowed down transportation situation, it is wise that each individual farmer study his own situation and provide for storage of grain on the farms."

MADE GOOD TRY
Toledo.—While endeavoring to save a pet chicken from a barnyard water trough here, Mrs. Emma B. Wilson, 69, was drowned.

In some parts of the world, rodent-eating snakes are protected by law.

BIG SILK FRAUD IS CHARGED TO TWO NEW YORK BROKERS

New York, July 9.—Alfred J. Cox, Jr. and Hiram K. Gaynor have been indicted by the June Grand Jury on charges of defrauding Frederick Victor & Achelis, commission merchants, of \$30,000. Cox and Gaynor are secretary and treasurer respectively, of the Heather Silk Company of 77 Madison avenue. Cox lives at 29 Cottage place, Orange, N. J.; Gaynor at 355 Ogden avenue, Jersey City.

It is alleged that in 1916 the defendants made an agreement with Frederick Victor & Achelis whereby money would be advanced for a commission on all invoices of the Heather Silk company. Bankruptcy proceedings were filed soon for the silk company and it was found upon an investigation of the accounts that Frederick Victor & Achelis had been defrauded of \$30,000 through a system of fraudulent invoices.

Scandal at Vienna
The Austrian capital swarms with hundreds of Hungarian army officers, many of them wearing uniforms; of secret service operatives, agents provocateurs and spies of all description. The movement has been traced directly to the Hungarian legation.

Officers Took Part
Thus it is an established fact that in the violent anti-Semitic outbreaks of a few weeks ago, which led to the closing of Vienna University, Hungarian officers and other agents had an active part. The movement is supported by the Christian Socialist party of Austria, and a section of the Austrian aristocracy and the old bureaucracy.

Vienna newspapers publish documents in proof of a conspiracy to smuggle large quantities of arms and ammunition across the Hungarian border. These supplies were left over by the old regime, and the government of the Austrian Republic is bound by the peace treaty to deliver them to the allies.

Officers of the Hungarian army, operating under the camouflage of a fictitious trade concern engaged in the importation of agricultural machinery and clothing, have purchased hundreds of rifles and machine guns, a number of field guns, quantities of ammunition and even several military airplanes, as well as 70,000 pairs of military shoes.

Had Big Funds
About 100 machine guns had been actually shipped across the border when the affair was revealed. Funds aggregating to 100,000,000 kronen had been deposited at several Vienna banks to the credit of Colonel Thälz and others of the Hungarian revelations concerning the recruiting army.

The Vienna newspapers also publish revelations concerning the recruiting office of the Hungarian government, which functions under the guise of an innocent advertising agency. A former officer of the old Austro-Hungarian army, Kuno Hohnig, approached young Austrian subjects with efforts of good jobs in Western Hungary. It was only after they are in Hungary that the young men found themselves under military discipline.

Austrian public opinion, with the exception of the monarchist reactionaries, is enraged by these intrigues, but the Hungarian government is powerless to act beyond dispatching an occasional protest to Budapest, for Hungary's military strength is many times that of Austria, and besides the Vienna depend largely on food shipments from Western Hungary.

Army Kept Up
In the meantime, the Magyar government shows no disposition to reduce its army to the 35,000 men prescribed by the peace treaty or to evacuate the western districts of Hungary, awarded, with their largely German population, to Austria.

The aim of the Magyar militarists, the Vienna papers charge, is to destroy the Republic government of Austria by a violent coup, to bring about a reunion between Austrian and reduced Hungary, and then turn against Czechoslovakia, Yugoslavia and Rumania.

They strive to undo the effects of the allied victory in the great war and to restore the realm of the Hapsburgs.

It is alleged that in 1916 the defendants made an agreement with Frederick Victor & Achelis whereby money would be advanced for a commission on all invoices of the Heather Silk company. Bankruptcy proceedings were filed soon for the silk company and it was found upon an investigation of the accounts that Frederick Victor & Achelis had been defrauded of \$30,000 through a system of fraudulent invoices.

NEW MARINE ACT ALARMS LLOYD, SAYS DISPATCH

London, July 9.—Lloyd's experienced "quite an exciting day" on Monday, says a late edition of the Mail, as a result of a statement issued in Washington on Sunday by United States Senator Wesley L. Jones relative to the effect of the American Merchant Marine Act, which appears to move the centre of American marine insurance from London to New York.

"A majority of the underwriters," the newspaper says, "decided yesterday that no American business was to be done until matters were cleared up. The American market is incapable of covering all its direct risks, and shippers are not likely to permit their goods to sail uninsured."

The newspaper adds that while Lloyd's expected some drastic clause in the United States Merchant Marine Act favoring American insurance, "anything in the nature of what is proposed was never expected."

NEW CURE FOR DRUG ADDICTS

Twilight Sleep Used by California Physician With Marked Success.

MANY DOPE FIENDS CURED

Method Includes Two Processes; First, Patient is Given Anesthetic, Then Cure is Completed by Suggestion.

Oakland, Cal.—"Twilight sleep" is being acclaimed a cure for the drug habit.

This new clinical discovery, hitherto resorted to only in obstetric cases, is being used on hundreds of drug addicts by Dr. John Scott Barker, head of a sanitarium here, with results that are attracting attention from the medical profession all over America.

So remarkable has been his success that the city administration at Oakland has opened for him a clinic in the city hall where the poorer victims may get free treatment. In this clinic so far he has treated twenty-two cases—eighteen men and four women. Only one has relapsed.

Sees Two Aspects.

"The drug habit is both physical and mental and must be treated from both aspects," said Doctor Barker. "The physical method is like a surgical operation. The bodily processes which have been functioning only under stimuli must be set back in their normal channels. Then the habit which is a mental thing must be changed by suggestions to the will. The latter can be done by hypnosis or any constructive means that effect in the patients a will to stay cured."

Doctor Barker's method therefore includes two processes—the first a purely physical one, in which the addict is placed in a state of coma or twilight sleep with scopolamine for two or three days. The drug habit, says Doctor Barker, is like a rattlesnake bite and produces a toxic condition. The sudden removal of the use of drugs causes such intense suffering that it would break down the patient's will, or even mind, if he were not relieved by an anesthetic.

The second stage of treatment begins when the patient comes out of the coma. While he is still relaxed and his mind like a clean blackboard, Doctor Barker, by the use of hypnosis, builds up a belief in the patient's mind that he is through with the drug for good.

Along with these suggestive ther-

peutics he carries on a program of body building—including diet, baths, exercise, massage and occupational diversion.

Situation is Acute.

"The 'dope' problem is getting acute," said Doctor Barker. "On the one hand the dry law has increased the use of drugs. On the other the high cost of living has given the illicit traders in narcotics a chance to prosper. The result is that only two classes can afford drugs—the rich and the criminal class."

"The former can afford to pay \$150 an ounce for heroin or \$100 an ounce for cocaine and morphine. The latter commit crimes to get the drugs. An alarming number of crimes are reported by persons driven desperate by the craving for 'dope.'"

"The big majority of my patients are well-to-do. One was a New York broker, who spent \$20,000 for drugs in three years. Another is a Los Angeles cafe owner, who has been spending \$150 a month for four years. It is said there are 20,000 addicts in San Francisco, and this general average runs through every large city."

'MAN, I'VE COLD,' SAYS CORPSE

Untimely Remark Nearly Depopulates Undertaking Shop in Dallas.

Dallas, Tex.—It was shortly after midnight. The body of a negro, stretched out on a slab preparatory to embalming, slowly raised to sitting position.

Then "it" said:

"Man, I've cold. Give me mah clothes."

One minute later the city emergency hospital got this call from the undertaking establishment:

"Rush the ambulance over here. There's a dead man come to life, and if you don't get here quick, all my help will be gone."

The ambulance surgeon found that Dan Clay, forty-eight years old, pronounced dead of influenza and taken to the undertaking establishment for burial preparations, had "come to life" after reclining on a marble slab for two hours.

Medal for a Heroine.

Greenville, Ky.—Katie Bell Walton, aged thirteen, has been awarded a hero medal for preventing the escape of a gang of prisoners who attacked her grandfather, Simon Miller, jailer. She ran for help and the delivery was frustrated.

LEAGUE TO MEET ON NOVEMBER 15

Washington, July 10. November 15 has been determined upon as the date for the first meeting of the assembly of the league of nations it was stated today at the state department.

GHOSTS ROAM CASTLE

Disturb Inmates of Lord Leith's Residence in Scotland.

"Green Lady" Is Seen to Walk Through Walls of Maid's Room.

Aberdeen.—Rumor and fact are strangely blended in a remarkable ghost story concerning Fyvie Castle, the Aberdeenshire residence of Lord Leith, which brings up to date an ancient legend of the house.

The castle is rich in legends of murder and revenge in the olden days, but until recently little untoward events have been heard of for many a year.

The rumor which has revived these stories is that recently masons and carpenters were called in to remove a fungus growth from the wall of the gun room, which is situated in the oldest portion of the Preston tower, from which legend says a former reigning lady repelled an invader with a deluge of molten lead.

When the wall was demolished, a human skeleton was found among the rubble. It was interred in the village churchyard, and ever since it is said it has manifested its displeasure by moans, groans and mysterious knockings in every part of the castle.

A maid servant named Missie declares that she saw the ghost of the famous "Green Lady" walk across the floor of her bedroom and disappear into the wall beyond. Mrs. Massie stoutly repudiates any suggestion as to a possible mistake. "I saw the lady walk across the floor," she said.

Other servants, though not seeing the apparition, corroborate the tales of nocturnal noises and strange moanings.

Miss Kellas, the housekeeper, told a story of hearing a remarkable disturbance in the chartroom and ballroom. She went upstairs, only to find nothing that could account for it.

The "Green Lady" was a prophesied who appeared in olden days immediately prior to any pending evil, which visited the owners of the estate. Fyvie Castle stands in a remote district of Moray, and dates back to the fifteenth century.

"Truth" Unadorned Covered With Blanket

San Francisco.—A very pretty young woman wandered from her room early one morning at the Porter hotel out into the street and into the lobby of the Yuba hotel, a block and a half away.

Ordinarily this would have been unimportant, but this woman wore no clothes.

The clerk at the Yuba hotel protested.

"That's all right," she replied. "I'm Truth, and Truth should be unadorned."

The clerk couldn't see it that way. He telephoned Charles Simpson, steward at the Central Emergency hospital. Simpson came to the rescue with a blanket.

"Truth" fought efforts to blanket her, saying it was a sin to conceal Truth, but Simpson was firm.

The girl is under observation, less intense, but more official than usual.

"Truth" was the only name she gave.

IOWA MAN OWNS OLD BIBLE

Rare Specimen of the Scriptures Was Printed in London in 1549.

Ottumwa, Ia.—A remarkable and valuable Bible printed in 1549, is owned by a prominent Iowan of this vicinity. The rare specimen was exhibited at the East End Presbyterian church by its owner.

It is a reprint of the Cranmer Bible, the first one of which was printed by Edward Whitechurch in London in 1541, but eight years prior to the printing of the one owned by the Iowan.

The edition contains Cranmer's prologue, there being but one page missing. Otherwise it is a perfect copy. The Bible was printed on two different presses.

ABOLISH GREEK AT OXFORD

English University Decides Measure by Vote—Students Celebrate Emancipation.

Oxford.—Oxford university, by a vote in convocation of 434 to 350, has abolished compulsory Greek. Only those taking "final honors" other than in natural science, mathematics or jurisprudence are still required to "pass" in that language.

To celebrate the occasion hundreds of undergraduates organized what is known here as a "rag."

Attired in ancient Greek costumes and headed by a Hellenic high priest carrying an urn filled with red hot ashes, they paraded the town and selected Greek verse in the market place.

Eating Southwestern Dust.

Mayville, Ky.—A coating of red dust on roofs and vegetation here is believed to have been carried by the wind from southwestern states which were swept by a sandstorm. No such dirt is to be found in this section of the country.

Since 1900 the Indians in the United States have increased from 230,000 to 250,000.

Eight thousand Mennonites now in western Canada are seeking homes in Mississippi.

LEAGUE OFFICE HOLDER ATTENDS NEW PARTY MEET

S. A. Olesness, state commissioner of insurance, who was repudiated for that position in the Republican primaries, is in Chicago to attend the convention which may put a third party presidential ticket in the field this fall.

Leaders of the Nonpartisan league have apparently had their ear to the ground ever since the organization of a third party was suggested by the "committee of 43," composed of many self-styled radicals. At the Chicago meeting representatives of the Labor party, formed over the protest of the administration of the American Federation of Labor, also is represented.

It is expected that the Nonpartisan league will enter actively into the third party presidential campaign, if a ticket is named, but the league is not expected to diverge from its policy of entering the Republican primaries to nominate candidates.

MINOT GOLFER CAPTURES STATE CHAMPIONSHIP ON THE COUNTRY CLUB LINKS

(Continued from Page One)

12 on the second while Smith made 43 on the first and 41 on the second.

Cox's score on the first nine holes was 6; 4; 3; 2; 6; 4; 4; 5; 4; 6. Smith's score on the same holes was 6; 4; 3; 1; 5; 3; 8. On the second lap Cox's score was 4; 4; 4; 5; 4; 5; 4; 4; 6. Smith covered the same holes in 6; 3; 1; 4; 4; 4; 5; 5; 7.

W. H. Magill of Fargo won the second flight championship by defeating Guy Hunter of Dickinson 3 up and two to go. L. Knudson of Kenmare defeated A. Erdahl 4 up and three to go. Knudson is now the champion of the third flight.

S. Bolster of Bismarck won the approaching putting contest held Friday evening. Ray Smith of Minot won the driving contest.

Cox-Bristol Match.

In the closest match of the tournament, E. B. Cox, of Bismarck, eliminated C. E. Bristol, of Fargo, in the semi-finals yesterday afternoon. Mr. Cox won on the 35th hole. This victory gave him the right to compete against Smith in the finals today.

The contest was an all day session beginning at 9:30 in the morning and ending about 5:30 in the evening. At the end of the 18th hole the men were even. They played even until the 34th hole when Cox again sprang into the lead. He retained this advantage until the 36th hole when Mr. Bristol staged a remarkable comeback and evened the count.

Play Consistently.

The players were very consistent making most of their shots count. Mr. Bristol made some very difficult puts from time to time which saved him from an earlier defeat. Mr. Cox's driving was good.

Mr. Cox's performance is considered very remarkable considering the fact that this is only his second year playing golf.

Many Spectators.

The crowds showed greater interest in the matches yesterday than they did previously. A considerable number of fans followed the golfers in the ladies' championship and in both matches of the men's semi-finals. They were seen on every part of the course and good shots received applause.

The wind was not too strong and the day was ideal for the matches.

Local Golfer Wins

Jack Hutzgen, of the local club, won the championship in the consolation tournament when he defeated P. Ramsbottom, of Fargo, 1 up. They played 18 holes. All contestants who were defeated in the first round of the championship tournament were competing in this tournament.

Hutzgen won the right to meet Ramsbottom when he defeated Judge Birdzell two up. Ramsbottom entered the finals by defeating H. H. Woolledge of Fargo two up. These matches were very good and caused an unusual amount of interest.

In the second flight of the consolation tournament Guy Hunter of Dickinson is playing W. H. Magill of Fargo for the championship. Erdahl and Knudson are contesting for the championship of the third flight.

Ladies Are Good.

The match between Mrs. A. D. Heaton of Dickinson and Mrs. Vesperman of this city for state champion was a very good exhibition of golf. Both women used good judgment in putting and driving and Mrs. Heaton's drives

BLUEBIRD WASHING MACHINE

Ever Hear of a Wash-man?

Of course not! Ever since men have worn clothes the burden of washing them has fallen on women.

With BlueBird, wash day is over in an hour. The clothes have been perfectly cleansed, and because they have been handled so carefully in the large, smooth, copper tub, they will last five times longer than if they had been rubbed on a board. The cost of this washing in money, is two cents an hour for electric current; in human energy—the turning of a switch.

DEBS CAMPAIGN TO BE DIRECTED FROM HIS CELL

Socialists Plan to Use Pamphlets Extensively in Making Their Campaign

Chicago, July 10. A "front cell" campaign is planned by the Socialist party for Eugene V. Debs, its presidential nominee, according to William N. Eigenbaum, director of publicity for the national campaign. Eigenbaum said today the party intends to send some prominent Socialist to Debs' prison at Atlanta every month. What Debs has to say will then be distributed by the campaign committee.

The usual touring will be taken care of by Seymour Stedman of Chicago, the vice-presidential nominee. He is to start the middle of this month for Texas and Oklahoma, finishing this trip the latter part of August, and on the first of September plans to begin a transcontinental tour ending in Chicago two months later.

The organization of the Socialist campaign will be taken up by the party's national executive committee next Saturday at Detroit. Mr. Eigenbaum said.

As usual the Socialists plan to make a large use of pamphlets in their campaign. Mr. Eigenbaum said the party has distributed 27,000,000 in 1916 and hoped to get out 50,000,000 this year.

Two of the expelled New York assemblymen, he said, are now out speaking for the national office in the campaign. Louis Waldman and August Claessens are the men so engaged. The campaign publicity chief said that 12 speakers in all were now out campaigning.

One of the chief party organs in the campaign will be "The New Day," official Socialist paper published at party headquarters. "The New Day" is a new name for the party organ, chosen several weeks ago in place of "The Eye Opener" which served as the party paper after "The American Socialist" discontinued during the war. The socialists are having trouble in getting on the electoral ticket in several states, Mr. Eigenbaum reported. He said that owing to the party having lost its legal standing in Montana it was certain it would not get on in that state.

Socialist strength, he added, now appears greatest in Oklahoma, Wisconsin, New York, Massachusetts, Illinois, Missouri, Texas, California and Idaho.

REV. BUZZELLE, RECTOR OF ST. GEORGE'S PARISH, TO LEAVE BISMARCK, ACCEPTING CALL TO SERVICE IN CITY OF MINNEAPOLIS

Will Enter on New Duties on August 1—During Service in Bismarck Rev. Buzzelle Has Been Active in Religious and Civic Activities and Took Important Part in Red Cross Work During War, Serving on County Executive Committee—Member Rotary Club

Rev. George Buzzelle D. D., rector of St. George's Parish, has resigned to accept a call from St. Andrew's parish of Minneapolis. He expects to enter upon his new charge by August 1. Sincere regret has been expressed on all sides at Mr. Buzzelle's decision to enter a new field. He has endeared himself to many in the capital city since he came here from Seattle in 1917.

His services have always been at the disposal of the city and he took a leading part in the religious and civic activities of Bismarck.

Previous to entering upon his work in this city, Rev. Buzzelle served for ten years as rector of St. Clement's in this city. Rev. Buzzelle served for general missionary to the diocese of Olympia for several years.

Active in War.

When America entered into the war, Rev. Buzzelle devoted most of his time to war activities. He became identified immediately with the Red Cross activities, serving as a member of the executive committee of the Burleigh county chapter and at present he is chairman of the committee. Rev. Buzzelle took a leading part in the various liberty loan drives and directed the work of the Four Minute men. His powerful sermons upon Americanism preached from his own pulpit and from the public forum of this and other cities in the state did much to sustain and stimulate patriotic effort.

He was identified with the inter-church movement and assisted in organizing the local Rotary club. As a token of esteem, Rev. Buzzelle was sent as a delegate to the international Rotary convention.

Two of his sons served in the army and one suffered wounds received in action.

Activities Broad.

His activities in behalf of St. George's parish have been broad in their scope. In a recent letter to his parishioners, he outlined the work of the parish. It follows in part:

"I have not been entirely satisfied with the progress made in St. George's but it is a great comfort to know that we stand almost alone among the parishes of the state in showing a real and definite growth. A brief survey of the parish may give us food for thought, and perhaps stimulate us to better things in the future.

"Taking a period covering five years, and ending this year, statistics show that in the four largest parishes in the state excluding Bismarck, the number of communicants declined 34. One parish shows an increase of only 13, another of 7, and a third of 19, while the fourth shows a decrease of 65. St. George's has increased in the same time from 69 to 176, or 155 per cent. This increase, in the face of an actual loss in number of communicants in the district, is certainly a cause for thankfulness, and has done much to prevent the appearance of a great slump in the number of communicants reported from North Dakota.

"During the three years and some months that the present rector has been in charge of St. George's, 41 persons have been baptized, while only 54 had been baptized previously. (The parish records only extend back to 1905.) Forty-nine persons have been presented for confirmation, almost as many as there were communicants when he took charge. Forty-four had previously been confirmed.

"A notable increase has been made in the Sunday school. Today we have 73 teachers and scholars enrolled, while less than 40 were on the rolls when he came. An increase of 100 per cent is rather satisfactory.

"The ladies' guild has kept up the good record. I have not the statistics of this work at hand, but I am sure that in numbers and efficiency and results, this organization has kept pace with the other work.

Finances Grown.

"The finances have grown in like

Rev. George Buzzelle.

leaving a meager estate sufficient to maintain his widow and daughter in frugal fashion for a few years. Mrs. Leeds, still enslaved to the desire for wealth and social ambition, turns to her daughter as the only alternative for the gaining of wealth. For ten years Mrs. Leeds dangles the beautiful girl before many different wealthy marriageable men. Likeable young men unpossessed of money who would have been natural companions of the girl, are denied to her. More mature men having the desired assets quickly see through the trickery of the mother. Meantime Patricia, inspired by innocence and pride, refuses to be a coquette.

Finally Mrs. Leeds succeeds in maneuvering the unwilling girl into an engagement to Brewster Howard, an excessively wealthy and proud man of thirty-five years. Their marriage and subsequent experience serves dramatically to expose the evil of marriages for money.

RICH SILVER FIND AWAKES INTEREST IN BUTTE FIELD

Butte, Mont., July 10.—What is reported to be one of the richest bodies of native silver ever opened in this district has been uncovered on the 500-foot level of the Butte Main Range mine, operated by the Tuolumne Mining company. It is five feet wide and picked samples are said to run all the way from 1,000 to 1,200 ounces of silver to the ton, while it is estimated the general average will run thirty ounces to the ton. Manager Paul A. Gow says that the rich ore body has been opened all right, but the extent of it is unknown. He says that it is fully five feet wide and that there is every reason to believe that the rich body extends downwards for at least a considerable distance. Some samples of the rock have been placed on exhibition and old mining men declare them to be the finest they ever saw, even in the early days of the district when silver was king. The Tuolumne people have been mining the ore, and some of it has already been brought to the surface and shipped to the Washoe smelter at Anaconda.

RED CROSS HELPS CHINESE COMBAT MANY PLAGUES

Shanghai, July 10.—More than a thousand tons of American Red Cross medical supplies, said to be worth over \$500,000, that were sent originally to Siberia and recently were transhipped to Shanghai are to be distributed in the coming months to mission hospitals of all denominations throughout China. The work of distribution is being supervised at Shanghai by Major E. H. Charette of the American Red Cross who accompanied one of the shipments from Vladivostok.

A large quantity of other supplies used by the American Red Cross or

ganization in its work in Siberia will be disposed of, in Shanghai, by sale. Major Charette said a considerable quantity of equipment and supplies of the Red Cross had been sold in Siberia soon after the withdrawal of American forces from the country, including all of the automobiles and automobile trucks.

TRAFFIC HALTED WHILE FAT BEAR MUNCHES WORMS

Burnaby, B. C., July 10.—A fat black bear brought the wheels of commerce to a sudden stop here recently while he calmly rooted about the main highway for grub-worms. Delivery trucks and pleasure cars were halted, and their passengers, from a safe distance, watched bruta sausage his hunger. After his leisurely dinner the animal wandered back into the woods, and traffic, tied up for an hour, once more became normal.

When Run-Down

FOND DU LAC, WIS.—"Dr. Pierce's Favorite Prescription is a very good medicine. When I was a girl going to school I got all run-down and weak due to hard studying. I was coming into womanhood and this medicine built me up in fine shape in just a short space of time. I also took it about seven years ago during expectancy and it helped me wonderfully. I had practically no suffering and my baby was strong and healthy and has always been. The 'Prescription' has done wonders for me. I think it the only medicine for weak women."—Mrs. CARL GUELL, JR., 290 9th Street.

Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman who is weak, run-down. Dr. Pierce's Favorite Prescription is the best women's tonic there is. It is 50 years old, and its age testifies to its goodness.

Why stop at Heaven's Gate? Go Through Eden to "The Valley of Tomorrow."

A wonderful, thrilling, pulsing, red-blooded drama filmed in Nature's Wonderland.

SEVERE ITCHING BURNING PIMPLES

On Face, Neck, Chest, Caused Disfigurement. Scratched. Cuticura Heals.

"Pimples broke out over my face, neck, and chest. My face was so sore I could hardly touch it. The skin was sore and red, and the itching and burning were so severe that I scratched, and would lie awake three or four nights out of five. The pimples later took form in scales and caused disfigurement.

"I was bothered about three months when I saw a Cuticura Soap and Ointment advertisement, and after using six cakes of Cuticura Soap and two boxes of Ointment I was healed." (Signed) Mrs. J. E. Griffin, Blaine, Kansas, June 7, 1919.

Delicate, sensitive skins with tendency to pimples, redness or roughness, should not be irritated by strongly medicated soaps. Why not use for every-day toilet purposes, Cuticura, a delicately medicated soap, touching the first signs of pimples with Cuticura Ointment?

Do not fail to include the equally excellent Cuticura Talcum in your toilet preparations. Sold everywhere at 25 cents each. Sample each free by mail. Address: Cuticura, Dept. R, Malden, Mass.

"Cuticura Soap shaves without mug."

IRISH RIOTING BRINGS CONFLICT OF AUTHORITIES

Judges Award Huge Compensation for deaths of Policemen and Local People Won't Collect Taxes

Dublin, July 9.—The net result of the recent county council elections is that now both in the cities and in the counties in 28 out of the 32 counties the local government is in direct hostility to the central government.

The first conflict between them will arise out of the question of paying compensation for outrages. Every day the judges are awarding to the relatives of murdered policemen, to injured policemen, and to the owners of burned police premises large sums as compensation chargeable on the local rates. The total already runs up close to 750,000 pounds.

The local authorities have refused to collect taxes for these payments. In the case of some of them the government can secure money by deductions from the sums payable to the local authorities by the imperial exchequer in relief of local taxes.

In the majority of cases the parties awarded compensation have only acquired a right to sue the local authorities in the courts for the money. It is believed that even after judgment is given, the local authorities will refuse to pay. Many of them have passed resolutions saying they will recognize no authority save that of Dail Eireann.

The government has decided to introduce a bill in Parliament to enforce payment of this compensation money.

AUCTIONING OF GIRLS IN MARRIAGE SEEN AS COMMON THING

Beautiful Society Creature Sold in Marriage in Latest Vitagraph Photoplay

The auctioning of a beautiful girl in society to the highest bidder has become generally recognized as a common expedient to bring wealth into a decaying family. Such a social procedure provides the dramatic background of Vitagraph's newest picture, "Slaves of Pride," of which Alice Joyce is the star.

"Slaves of Pride" will be the attraction at the Eltinge theatre to-night.

Miss Joyce plays the role of Patricia Leeds. She is fifteen years old and just beginning to bud into beautiful young womanhood as the picture opens. Jason Leeds, the father, is driven into virtual bankruptcy by the great extravagance of his wife.

The collapse of his fortune causes Leeds to kill himself with a bullet,

CHANDLER SIX

Famous For Its Marvelous Motor

The Chandler Dispatch Car Has First Preference

The automobile industry has produced no distinctive model more popular than the Chandler Dispatch, a car reflecting in its lithe lines the character of its service. It is the first-choice preference among those who want a four-passenger close-coupled open car. Its comfort, its beauty of line and finish, and its dependability are typical of the established Chandler quality.

The popularity of the Dispatch, which reaches to every corner of the world, is based not only on the grace of its trim design and its beautiful Rainbow Blue finish, but it is due quite as much to the standard Chandler chassis upon which it is mounted. It seats four persons with utmost comfort. The driver's position is restful. The cushions are deep, well tilted and trimmed in the best of genuine hand buffed leather.

With its wonderful flexibility of power, its ease of driving and real comfort, characteristic of all Chandler models, everybody likes the Dispatch.

COMPLETE VOTE ON CANDIDATES IN THE COUNTY

Canvassing Board's Work Shows
Extent of Anti-Townley Victory,
Extending All Along Line

WOMEN CAST MANY VOTES

Miss Minnie J. Nielson Given
Huge Majority With Aid of
Votes of Women in County

The sweeping victory of the independent Republican ticket in Burleigh county is reflected in the candidates for county offices endorsed by the anti-Townley Republicans.

Complete figures on the county vote, made after check by the county canvassing board shows the candidates on the nonpolitical ballot endorsed by the anti-Townley Republicans were victorious in all but two instances.

Miss Minnie J. Nielson received a huge majority over her opponent Ruth Johnson, endorsed by the Nonpartisans, in Burleigh county. Her majority was 1010 votes. Both names go on the full ballot.

300 Absent Voters.

Included in the county totals were nearly 300 absent voters, together with the vote of women on the offices of state and county superintendent, surveyor and constables. The absent voters ballots were sent to the various precincts, there to be opened, and are not included in a separate total.

The vote on candidates, in addition to those printed in The Tribune yesterday, is as follows:

Supreme Court Judge.	1846
Seth Richardson	1205
District Judge.	
W. L. Nussle	2005
J. A. Coffey	1592
Geo. K. Foster	1176

Seventy-two men were voted on for constable, that is votes were cast for them. No one was seeking the office. The eight winners have not yet been picked. Among those who received one or more votes were: E. Patterson, 1; W. L. Kraft, 3; H. E. Jones, 6; Geo. P. Little, 1; W. Harris, 2; A. C. Townley, 1; Wm. Langer, 1; Chris Martinson, 1.

STICKERS USED BY NONPARTISANS ARE PROHIBITED

When a contest is filed in Sheridan county by independent Republicans, as a result of the use of blank stickers by the Nonpartisans, there will be ample legal ground on which to proceed. The supreme court once held that the use of stickers was legal, there being no statutory provision prohibiting their use. After that, in 1907, a law was passed prohibiting their use, in the following language:

"A candidate may be nominated by having his name written on or by printed stickers placed over the name or in a blank line left for that purpose underneath the group in each official position, but not more than one shall be written or printed on any such stickers."

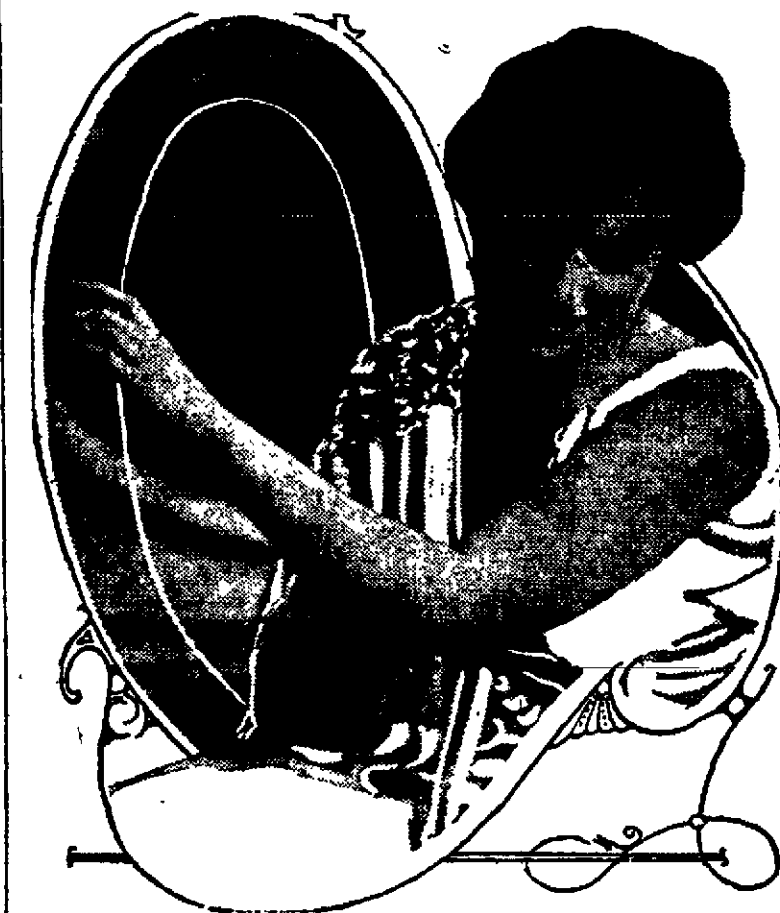

10,000 BRIDES JUNE RECORD

New York, July 10.—June wound up the marriage market in the Municipal building with about 300 marriages and the issuance of almost 800 licenses. Edward Hart, acting City Clerk, said the total number of permits issued in the last thirty days was close to 10,000. This goes far beyond anything previously known to the hardened and overworked marriage clerks, even the busiest market of the ante-draft days of 1917.

In Brooklyn, where marriage has ever been popular, 3,071 licenses were handed out in the month. In June 1919 only 2,747 applied for papers. In April 1917, however, 2,184 couples were passed through the office and this was the highest previous record for Brooklyn.

ARMS AND THE MAN

Arms and Elbows Are Most Responsive to Natural Exercise and "Feeding"

"A dimple is absolutely not necessary to a beautiful elbow."

Star Says Practice of Putting Artificial Dimples in Elbow is the Silliest Thing She Knows

BY CLARA MOORES.

New York, July 10.—For the arm that is too heavy the best remedy is exercise. A heavy arm, by the way, is more readily improved than a thin one. The arms are almost the easiest parts of the body to exercise and the most responsive.

Swinging the arms twenty-five times night and morning will do wonders in arm reduction. Natural exercise is far better for the fat arm than rolling, pinching or massaging, although a quick dry massage of the upper arm at night stimulates the circulation and makes the flesh firm.

"Feed" Thin Arm.

The thin arm can best be developed by nightly "feeding" with a good flesh food. Cocoa butter is the simplest and best "fattener" I know. A sharp elbow can spoil an otherwise lovely arm but too much flesh around the elbow is even more unsightly.

"She has arms that would lure a Caesar to her heart."

So said the French artist Dougenau of Miss Clara Moores, the young stage beauty who is playing the leading role in Col. Henry Savage's Cape Cod comedy success, "Shavings."

In this summer of short sleeves, when the arms are exposed as much as the face, women are interested in lovely arms. Miss Moores is probably the greatest living authority on the care of the arms and has written three articles on arms, telling how she keeps hers so attractive.

The silliest thing I know is having artificial dimples put in the elbow. A dimple is absolutely not necessary to a beautiful elbow. Take good care not to rest and rub the elbow constantly on hard and rough surfaces when wearing short sleeves. A thin surface of skin covers it and a roughened skin disfigures the elbow. Much flexing will reduce a fleshy elbow, by gentle massaging, and "feeding" will tend to increase the flesh of it.

school at St. Paul, according to word received by friends here, and will bear the name of Sister Margaret Mary.

Double Wedding.

A double wedding took place at the Methodist parsonage yesterday afternoon Rev. G. H. Quigley, officiating. Miss Bertha Neubauer became the bride of Mr. Harrison Bailey and Miss Caroline Weiss was married to Mr. Carl Neubauer. The young people were all from Wing and will make their homes there.

No Summer Meetings.

The ladies' auxiliary of the American Legion has adjourned its meetings until the first Tuesday in October, according to decision of the executive committee.

Go To Convention.

Rev. and Mrs. C. W. Pinwall and their daughter Stella, left last night to attend the Baptist convention in Fargo. Mrs. Pinwall and Stella expect to visit relatives in Clinton and Ortonville, Minn., before returning.

Enters School.

Miss Elizabeth J. Burke, daughter of former Governor John Burke, has entered the Sisters of Visitation.

GETS \$500,000 IN WEDDING GIFTS

DETROIT.—The wedding gifts of Mrs. James H. R. Cromwell (Miss Josephine Irene Dodge) whose father, Horace Dodge, made millions building automobiles, filled a whole floor of the Dodge palace here and are said to be worth \$500,000 or more. Not the least of the little trinkets showed on the bride was a \$100,000 pearl necklace shown around Mrs. Cromwell's neck and a furnished mansion in Philadelphia. Both were given by her father.

Leaves for the East.

O. F. Johnson, of the Johnson Department store, leaves tonight on No. 4 for an extensive business trip to New York, Chicago, Philadelphia and all other leading manufacturing centers, who cater to woman's wearing apparel. Mr. Johnson is making this business trip to purchase his fall line of ladies' requirements and he will purchase one of the largest stocks for his store than ever did before for this time of the year. Mr. Johnson says the outlook this year for business surpasses any previous year that he has been in business.

DUNN COUNTY VOTE WAS CLOSE

Killdeer, N. D., July 10.—The final count on the vote on the question of removing the county seat of Dunn county from Manning to Dunn Center shows that Dunn Center nearly achieved her objective. The vote was 1260 in favor of the retention of the county seat at Manning and 1245 for removal to Dunn Center.

Three residents of Dunn Center voted for the retention of the county seat at Manning. Residents of Killdeer, rival to Dunn Center, voted 149 to 5 in favor of Manning.

AVIATORS WILL FLY TO ALASKA

Washington July 10.—Four army air planes will undertake a flight from New York July 15 to Nome, Alaska, and return, a distance of 8,500 miles. It was announced today at the war department. The purpose will be to demonstrate the practicability of commercial air lines to Alaska and thus expedite the development of the territory.

The world's present production of silver is estimated at about 200,000,000 ounces annually.

There will be a regular meeting of Bismarck council 325 at Elks Hall tonight. Initiation and other business. All members are urged to turn out for the meeting.

A. E. Brink, Counselor.
J. L. Gingo, Secretary.

SILVER LACE IN SUMMER EVENING GOWN ADDS SUGGESTION OF COOLNESS

BY CORA MOORE.

New York, July 10.—A touch of silver lace, a bit of silver embroidery, a length or two of silver ribbon is an ideal addition to a summer frock, for the very tone of silver suggests coolness, as red suggests warmth.

So, then, there is a hint worth following in this dance frock which was recently seen on the Capitol stage. Its material is soft, satin-surfaced silk and with its shimmer that makes you think of the sea when the day is dull, and it is embroidered in silver.

TOO LATE TO CLASSIFY.

FOR SALE Kitchen range in good condition. Call 241W or 418 First street. 7-10-21.

WANTED—General merchandise stock, with or without groceries. Have half section improved land, and some cash. Land in Renville county, N. D. C. H. Warren, Sherwood, N. D. 7-10-21.

The pulse of a new-born child beats from 130 to 140 times a minute.

LEAGUE OFFICE IN GOOD HANDS

Office management of the Non-Partisan League, Mitchell, S. D., is now under the capable direction of O. P. Reitan. He received his training for this responsible position at Dakota Business College, Fargo, N. D. Miss H. Soldin, stenographer-secretary in the same office, is also a D. B. C. graduate.

Positions of trust are so often held by graduates of this exceptional school, because students are trained to develop initiative.

"Follow the Successful." Enter summer school now. Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D. for information.

AS STRONG AS THE ROCK OF GIBRALTER

Hewn out of solid rock the Rock of Gibraltar has for centuries withstood the winds and waves of the elements because its foundation is strong and secure. Had it been erected by man's hands on a flimsy foundation it would have been destroyed ages ago.

So it is with the drugless health science of Chiropractic. Founded nearly a quarter of a century ago, it has withstood the winds and waves of a deadly and unscrupulous opposition. In fact the more deadly the opposition the stronger has the science grown.

WHY?

Because it was built on a firm foundation. On the foundation of truth and logic. Those who ten years ago through ignorance were calling it a fake have been converted because they have experienced the wonderful results attained by Chiropractic in themselves and their own families.

If Chiropractic were not what its adherents claim it is, it would have perished by the wayside long ago. You may be able to fool some of the people some of the time but you cannot fool all the people all the time.

Truth must prevail sooner or later and the story of the growth of Chiropractic emphasizes this fact.

You business men who pride yourselves upon your far-sightedness are very blind if you shut your eyes wilfully to the progress made by this science.

Investigate Chiropractic now. Get a competent Chiropractor to give you a spinal analysis. Get him to fully explain its principles to you and we miss our guess if you will not blame yourselves for not investigating before.

Consultation and Spinal Analysis Free.

founce of silver lace over tulle, the latter scalloped and the edges bound with silver ribbon exactly matching the tint of the silver in the embroidery and lace. Straps of silver ribbon hold up the little corseted bandeau which drapes itself loosely about the waist.

A Delightful Drink

It's a good all-year-round drink because it's so taste-ful and exhilarating. It's a particularly good summer drink because it's so cool and refreshing. Its sparkle, its snappiness, its pleasing bouquet and flavor will win your approval and make the practice of asking for it habitual. At all taverns or by the case direct from us.

DEAD WITH HIS HAND ON THROTTLE

BY DR. JAMES I. VANCE.

He was the engineer of the train on the New York Central which ran at top speed into the rear coaches of a train that had stopped on the track three miles out of Schenectady. Among the dead was this engineer and when they found him his hands were on the throttle.

What a picture of a man facing death without a fear and dying at his post! All at once he flashed in his face as the impending wreck loomed suddenly in front of him, but the sight did not scare him. He knew his duty. And with a swing and a grip he was on his job with a tenacity of purpose and a splendid courage which death could not withstand.

"Dead with his hand on the throttle." I am a preacher, but I should love to meet death like that, when it comes. What a victory to be so lost in your work, so attuned to your task, that when the nerves get going, every sensation rings a summons to duty!

I have an idea that Eleazar, King David's mighty man, and this engineer will be boon companions in heaven. Why Eleazar got into action on the field of battle we are told that "his hand clave unto the sword." The man and sword were one weapon. That's what happened to the engineer. His work had become a part of him. He was married to his engine, he was welded to his machine, and death could not divide them.

These timid souls who take hold gingerly never get anywhere. These pot-metal personalities that crack and shiver to pieces at the first suggestion of peril are a cheap set.

Give us men who are dead game to the finish who prefer to die in the harness who set their teeth and are clear-eyed in the blinding moment of disaster.

The dispatch did not give the engineer's name. It merely said that they found him dead with his hand on the throttle. Let us salute his spirit! When it reached heaven the angels must have sung a "Te Deum."

STILL HIGH.

Houston, Tex.—Eggs sell here for 30 and 32 cents a dozen. Restaurants still charge 25 and 35 cents for two. They set that price when eggs were 14 a dozen.

AMERICAN ARMY ON RHINE AIDS IN GIVING UNCLE SAM WINDOW THROUGH WHICH TO VIEW EUROPEAN AFFAIRS

BY MILTON BRONNER.

Paris, July 10.—If maintaining an American army on the Rhine served no other purpose, it would be useful because it gives Uncle Sam a window through which to look into Europe and get the exact dope on what is happening there.

Frankly, I mean that the intelligence department of our army doesn't get a great deal more news than is in a sitting and valuable "our government at Washington" than many of the embassies are able to obtain.

U. S. on Alsace-Lorraine.

Although we have not signed the peace treaty, have not joined the League of Nations and are still technically at war with Germany, we are probably the only nation that is not in an unsettled and disturbed Central Europe.

As much cannot be said for England and France. Take Germany, for instance. There is reason to believe that some Englishmen were "in the know" in advance of the recent Dr. Kapp revolution whose object was to overthrow the Ebert government and put some sort of strong reactionary or monarchial ring in control.

This was not because the Britons were particularly enamored of King, but because they figured that Germany could best be governed by some of the old crowd instead of the amateurs now in charge. They were animated by a fear of Bolshevism. When the Kapp gang was shown up in all its weakness, the Britons stood out from under.

French Play Part.

On the other hand there is reason to believe that the French have not remitted their efforts to cultivate a separatist sentiment in the Rhenish and southern portions of Germany. These sections have never particularly loved Prussia.

At the time of the great Napoleon they were part of the French empire. And as recently as 1866 when Prussia fought Austria, some of them fought on the side of the latter. The French land which would act as a buffer between Prussia and France.

In Poland once more one finds that England and France are more than interested observers. They look upon Poland as a possible barrier against Bolshevism. That is the reason why the governments of England and France are giving Poland very material aid.

British Arms Get In.

British munitions and supplies have found their way to the bankrupt Polish state which otherwise might be hard put to it to maintain its fighting armies.

On the other hand, France is supplying much of the military brains of the Polish army. There are hundreds of French officers in Poland who have come there on various military missions. It is they who have organized the Polish army for victory against the Russian Reds.

The wife owns the homestead her title and her exemption right are not affected by the death of her husband. While she continues the head of a family and resides in her home it is exempt.

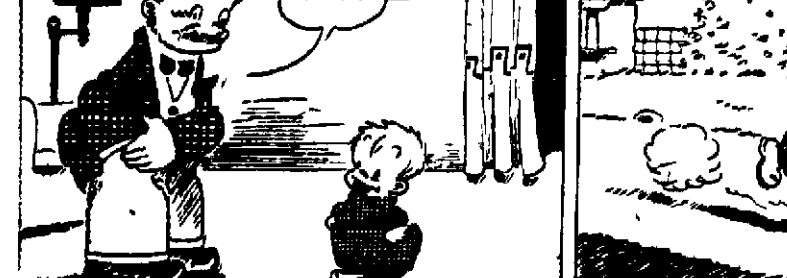

When the husband owns a homestead and dies leaving a wife and children the title does not vest in the wife but she takes an estate for life or years, as provided by statute.

The law gives it and the court awards it.

Appeal from the District Court of Burleigh county. Hon. W. L. Nueces.

Modified. Opinion of the court by Robinson J. Robinson and Hirdzell.

FRECKLES AND HIS FRIENDS

JJ concur specially Grace J and Christmanon Ch J dissent Foster & Baker, Bismarck Attorneys for Appellants H F O'Hare Bismarck Attorney for Respondent

From Morton County
T. E. Davis, Plaintiff and Respondent
vs
Harry W. Long, Defendant and Appellant
Syllabus 1. The occupancy of a house by a man hired to operate a farm for a certain wage and the use of the house thereon to live in with his family is incidental to the employment, and the right thereto ceases with the termination of the service. In such case the possession of the employee is in legal effect the possession of the employer.

2. This rule is not abrogated or changed by Section 1775 C. L. 1913 which provides that "for forcibly ejecting or excluding a person from the possession of real property the measure of damages is three times such a sum as would compensate for the detriment caused to him by the act complained of."

Appeal from the district court of Morton county, Stanley, Judge, defendant appeals from a judgment and from an order denying a motion for judgment notwithstanding the verdict or for a new trial.

Reversed. Opinion of the court by Christmanon Ch J Robinson, J concur specially Grace and Bronson, JJ dissent.

Nichols & Kelch of Mandan, Attorneys for Appellant
Sullivan & Sullivan, and J. A. Heider, of Mandan, Attorneys for Respondent

From Ransom County
T. B. Hughes, Plaintiff and Appellant, vs
Fargo Loan Agency, a corporation, et al, Defendants and Respondents, and
J. C. Vincent, Interpleaded, Defendant and Respondent.

Syllabus 1. In an action to declare a conveyance a trust deed and for an accounting, where the defendants were not residents of the state and where an affidavit for publication of the summons was filed which may be construed to state that defendants were non-residents, "an affidavit is informed and believed" and which states the present postoffice address of the defendants "as affiant is informed and believed" and where the summons and complaint were personally served upon such defendants in the state of Washington and thereafter judgment, upon default was rendered, it is held that such affidavit was fatally defective and the judgment rendered a nullity.

2. In such action, the jurisdiction of the court extends only to an equitable proceeding in rem concerning the title of the land involved.

3. In a subsequent action to determine adverse claims to the real estate involved, in the alleged trust deed where the defendants and intervenor through such void judgment and the plaintiff as the grantee of the voided judgment and of the voided and undetermined nature and administration of the alleged trusteeship, upon which the equities of the parties or their successors in interest and the questions of laches and of estoppel must depend.

Action to determine adverse claims in Ransom county Cole 1. The plaintiff has appealed from a judgment in favor of the defendants and has demanded a trial de novo.

Reversed and Remanded for a new trial with directions.

Opinion of the court by Bronson J. Christmanon Ch J concurs specially Kvello & Adams Attorneys for Appellant Hirdzell, J not participating.

NARROW ESCAPE.

Alexander, N. D. July 10. Two daughters of August Rogers, living near timber creek narrowly escaped death recently when lightning struck the Rogers home. The bolt fired a mattress on which the two girls were sleeping and melted part of the springs but affected neither of the two girls. The house was wrecked by the bolt.

According to A. A. Johnson director of the school, there were 70 federal board men enrolled in June and a number of these have since graduated. Director Johnson was lavish in his praise of what the soldier farmers are accomplishing, declaring that not only were they doing their full share in the economic program of their country but in a good many cases considerably more than others less handicapped by wounds.

He said they were about equally divided as farm tractor mechanics general farmers poultry raisers and hog breeders.

Gopher in Charge.

Archibald A. Stone former member of the Minnesota legislature who is in charge of the work for the government, and has studied the results of the farm vocational training plan said that it vocational training plan said that it was producing results of a definite and permanent character. The students may have both theory and practice at Farmingdale 365 days in the year.

Michael Luddy who lost an arm at Chateau Thierry is specializing in tractor work and with one hand and a steel hook drives as straight a furrow, it is said, as any two-handed farm boy.

A year ago Charles Kupinski, another crippled soldier had never even ridden in a motor car. Recently according to Director Johnson he repaired a cracked cylinder in a heavy farm tractor at a saving of nearly \$200 to the school.

Other soldier graduates of Farmington who are operating farms are Harry F. Cruise of Holbrook, Conn.; Ellison S. Smith, New Canaan, Conn.; Elmer E. Sturtz, Wellersburg, Pa.; Austin A. Sullivan, Ronkonkoma, L. I. and a number of others within 50 miles of New York.

THIRTEEN MEN AWAIT DEATH IN CELLS AS RESULT CHICAGO CRIMES

Chicago, July 10. Thirteen men are in the county jail awaiting death on the gallows as penalty for the share in the murder terror that has gripped Chicago for the last 18 months.

The thirteen to join the colony of doomed men said to be the largest number of condemned housed in the Cook county jail at one time is Sam Cardinella, who was found guilty of the murder of Andrew Hoffman by a jury before Judge Scanlan Wednesday.

The other 12 men in death row in the county jail are Arthur E. Haen, wife murderer due to die July 16.

Edward Hrislane slayer of W. M. Mills theatre manager July 16.

Nicholas Viana Thomas, Ericson and Frank Camplone convicted as the murderers of a poolroom keeper during a holdup hanging set for October 14.

Frank Lazer who confessed two murders while on trial in Judge Scanlan's court sentenced to hang October 17.

John Henry Reese colored slated to die October 14.

Antonio Lopez, Samuel Ferrero and Joseph Constanzo date for hanging to be set later by Judge Scanlan. Richard Wilson and Harry Andrae; date to be set later by Judge Fam.

Opera in the Arena

"Then the barytone didn't like singing in Mexico?"

"No."

"Why not?"

"They wanted him to kill a real bull in Carmen."

VETERANS RECOVERING FROM SHELL SHOCK OPERATE LITTLE FARMS WHICH NOW DOT THREE EASTERN STATES

New York, July 10. A number of modest little farms operated by veterans of the world war who have recovered from shell shock gas or wounds now dot the states of New Jersey, Connecticut and New York. The owners of these farms most of them graduates of the New York state school of agriculture at Farmingdale, L. I., have been rehabilitated and are now making good as food producers with the same enthusiasm that took them over the top in France.

The transformation of most of these former soldiers who selected farming from among the subjects offered by the Federal board for vocational training in many cases has been a complete metamorphosis or railroad brake men, plumbers, policemen, mechanics and laborers. One recent graduate of the school was a bartender before the war and today he owns a thoroughly up-to-date place near Toms River, N. J.

According to A. A. Johnson director of the school, there were 70 federal board men enrolled in June and a number of these have since graduated. Director Johnson was lavish in his praise of what the soldier farmers are accomplishing, declaring that not only were they doing their full share in the economic program of their country but in a good many cases considerably more than others less handicapped by wounds.

He said they were about equally divided as farm tractor mechanics general farmers poultry raisers and hog breeders.

EVENTS AND GOSSIP FOR THE FANS

RUTH DRIVING TO FIRST RUNG AMONG HITTERS

Home Run King Climbs up Behind George Sisler, St. Louis Star, Who Leads League

HORNSBY IS DETHRONED

Chicago, Ill., July 10.—With a new world record within his grasp, "Babe" Ruth, the New York slugger, today is driving towards the batting championship of the American league. Reposing in fourth place a week ago, the home run king is now second in the list of batters with an average of .386, thirty-three points behind George Sisler, the St. Louis star, who is leading the league. He has passed the veteran Tris Speaker of Cleveland and Joe Jackson of Chicago, who are tied for the third place honors with .385. Sisler, in first place, is batting .419.

Ruth added one more run to his total during the week, making it 25 and connected with thirteen hits in nine games. In addition he pulled away from Speaker for scoring honors. He has crossed the plate seventy times, while the Clevelander is two runs behind him.

Rice of Washington continued to burn the paths and is far out in front among the base stealers with 35 thefts. Other leading batters: Weaver, Chicago, .365; Rice, Washington, .357; Milan, Washington, .346; Johnston, Cleveland, .344; E. Collins, Chicago, .340; Hendry, Boston, .338; Felsch, Chicago, .333.

Eayrs Hits Hard
Eayrs of Boston, pitcher, outfielder and pinch hitter, dethroned Roger Hornsby as leader among the National league batters who have participated in 40 or more games. He is batting .403 for 47 games, in which he cracked out 28 hits in 72 times at bat. Hornsby, however, is the real leader among the regulars with a mark of .378 made in 73 games. Hollocher of Chicago, has tied the St. Louis star as a run getter, having crossed the plate fifty times.

Cy Williams of Philadelphia delivered his weekly home run and is leading in circuit drives with nine. Max

MAKES RECORD RUN CHAPMAN PLAYS 1,000 GAMES

CANNONBALL BAKER

Cleveland, O., July 10.—When Ray Chapman, shortstop of the Cleveland Americans, took the field with the Indians in Chicago June 25 it was Chapman's one thousandth game as a member of the local American league club, making him the veteran of all present American players in point of service. Chapman came to Cleveland from the Toledo American association club in 1912.

DEVILS LAKE HAS HEAVY SCHEDULE

Devils Lake, July 10.—The Devils Lake baseball team is going big, and would like to have a championship series for North Dakota arranged before the end of the season. The team plays regularly today it meets Towner, Sunday, New Rockford, Monday, Tuesday and Wednesday it will play a Chautauqua series with Valley City, and on Thursday will meet Starkweather.

Some of the team's recent scores were: Devils Lake 2, Warwick 2; Devils Lake 4, Rugby 5; Devils Lake 3, Rugby 1; Devils Lake 7, Rugby 7; Devils Lake 12, Lakota 2.

TENNIS STARS TO MEET IN CHICAGO

Chicago, Ill., July 10.—Tennis stars from California to New York have entered for the annual tournament for the national clay court championship titles which began at the Chicago South Side Tennis today and continues for a week. This event, which is held on the courts of the Chicago club for the third consecutive year, promises to be a brisk battle for the honors in both singles and doubles, with no outstanding favorites at the start, but with assurance of very keen competition.

One reason for the open nature of the event is the absence of the singles and doubles winners of 1918, who this year are campaigning as members of the American Davis cup team in England. Both William M. Johnston, the clay court singles champion, and William T. Tilden, Jr., his runner-up, are playing in London now, and so are Samuel Hardy and Charles S. Garland, outstanding doubles players of last year's event.

In their absence, however, Willis E. Davis of San Francisco and Walter T. Hayes of Chicago are entered in the singles. Both are former clay court champions, Davis in 1916 and Hayes in 1911, and are well matched rivals for the event.

WILTON BEATS RYDER

Wilton, July 10.—The local team is feeling good over its victory over Ryder by a score of 5 to 4 in a seven-inning game. Ryder has been going good and recently met and defeated Douglas for a \$150.00 purse.

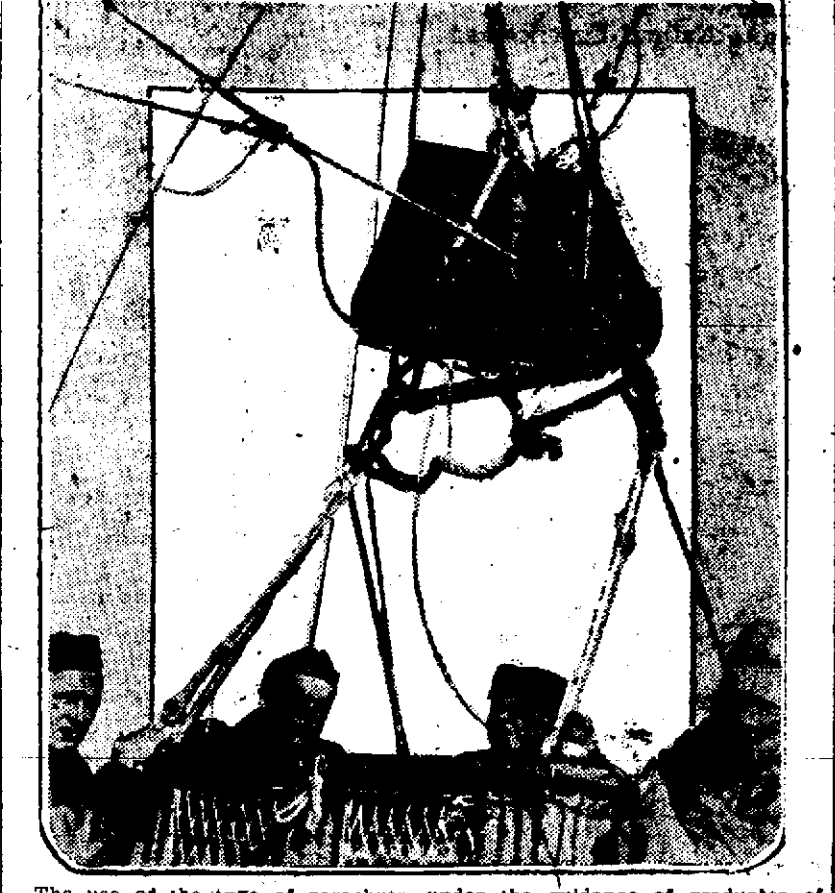

MARKETS

MINNEAPOLIS GRAIN
Minneapolis, July 10.—Flour unchanged. Shipments, 56,552 barrels. Barley, \$1.05 to \$1.25. Rye No. 2, \$2.28 1/2 to \$2.29 1/4. Bran, 48c.
Wheat receipts 135 cars compared with 89 cars a year ago.
Cash No. 1 northern, \$2.85 to \$2.95. Corn No. 3 yellow, \$1.54 to \$1.56. Oats No. 3 white, \$1.00 to \$1.02. Flax, \$3.86 1/2 to \$3.87 1/4.

SOUTH ST. PAUL LIVESTOCK
South St. Paul, July 10.—Hog receipts, \$9.00. Mostly steady.
Bulk, \$14 to \$14.25.
Cattle receipts, 500. Killers steady. Fat steers, \$8.50 to \$15.50. Cows and heifers, \$6.50 to \$12.50. Calves, steady, \$5 to \$11.50.
Stocks and feeders, steady, \$4.50 to \$12.50.
Sheep receipts, 100. Steady 50c lower.
Lambs, \$6 to \$14.50.
Weathers, \$4 to \$7.

It has been estimated that there are six cripples to each 1000 inhabitants.

NEW PARACHUTE MAKES BACK-TO-EARTH TRIP SAFER FOR BALLOONIST

The use of the type of parachute just adopted by the U. S. Air Service probably would have averted the death of a Chicago aviator and mishap to another when the two, up 1200 feet in the air, jumped into separate parachutes.

The model approved by the war department obviates the necessity of the pilot jumping out with the parachute—instead, you lay in the bottom of the live-saving equipment, and by pulling a rope the basket is cleared from the balloon, thereby the parachute is opened.

Subsequent to a series of tests, extending over a considerable period of time, the type of parachute shown in the accompanying photograph has been officially adopted for use by the U. S. Air Service.

The equipment is now being distributed to the different units of organizations in the field. However, the individual baskets are installed, tested and observed in active service under the guidance of graduates of aviation training schools as a safety in minimizing the possibilities of accidents.

Appropos the adoption of this new type of parachute, is the novel departure of an air service mechanics school in painting an aeroplane in white for experimental parachute jumping. Obviously, the purpose served by the white coloring is to so conspicuously mark the plane as to warn other aviators flying around the field against interference and thus insure observance at a safe distance from machines engaged in experimenting with parachutes. Otherwise collisions with aviators descending from planes by life-preserving units might be frequent.

The practice at this particular flying field is for all other planes to either go down or above the white airplane until the jumper has cleared the plane and is descending well on toward the earth.

Fast Game Expected Tomorrow When Bismarck Clashes With Mandan Team

A great crowd of Bismarck fans is expected to accompany the Bismarck team to Mandan tomorrow afternoon when the two baseball teams clash the first time this season.

Mandan will play with Bismarck at 2 p. m. Mandan time. The Mandan team they will play against Hazen.

SHERIFF RAIDS PLACE, GETS THREE STILL

Valley City, July 10. Sheriff Larson and his deputies and Chief of Police Swanson raided three stills at North Valley City and took into custody Patrick Lawler and another man. Five barrels of sour mash, two crates of apricots, raisins, molasses and other ingredients commonly used to make up booze to satisfy the thirsty was found in the possession of these men. The men arrested are now in the county jail awaiting trial. States Attorney Ritchie says that they will be tried in a Barnes county court first and probably bound over to the district court, then if the federal authorities want them they are welcome to them.

HINES PREPARES TO ARBITRATE

Paris, July 10. Walker D. Hines, former Director General of Railroads has opened offices in Paris for the purpose of arbitrating the question of river shipping under the German, Austrian and Bulgarian treaties.

Plan Effort to Recover Gold from Steamer Wreck

Londonderry, Eng., July 10. Efforts will be resumed this summer to recover the 4,000,000 pounds of gold still lying in the wreck of the British auxiliary cruiser Laurentic which was sunk by a mine off the mouth of Lough Swilly in January, 1917, while on her way to New York. The bullion is to be bare each of which is worth 1,200 pounds. Altogether the Laurentic carried about 7,000,000 in gold when sunk. It is estimated that about 3,000,000 since has been recovered.

Up to now the weather has been unfavorable and as the wreck lies in an exposed position, the salvage work can be done only in the finest weather. It is expected that some blasting will be necessary to get at the compartment in which the gold was carried. The work is being done by the Racer, a salvage ship.

PICTURE SALES ENCOURAGE ART

Chicago, July 10.—Artists exhibiting at the Chicago Art Institute the past year have received encouragement through the museum's delegating one of its staff to stimulate sales. Several pictures sold at \$5,000, one at \$11,000 and another at \$15,000. The total ran into a substantial sum. The man working on sales has been given an assistant during exhibitions.

"If we don't support the artists we don't have the art," commented this official reviewing results of the past season.

EGG WITHIN EGG, S. DAKOTA FREAK

Sioux Falls, S. D., July 10.—An egg within an egg is the most recent freak reported in this community, according to Mrs. Will Sires, of this city.

The egg, which is much larger than a goose egg, has a soft shell, and, according to Mrs. Sires, contains two yalaks and a normal size egg with a hard shell.

A barred Plymouth hen was responsible for the freak.

A codfish has been known to lay as many as 3,688,000 eggs at a spawning.

Roumania, With Addition of Provinces as War Result, Now is Country With Ten Nationalities; Parliament Strange Sight

Rumanians Now Living Peacefully Side by Side With Bulgarians, Russians and in Some Places Even Germans, Says Queen of Little Balkan Country, Battleground of the War

Bucharest, July 8.—Roumania, with the addition of the provinces of Bessarabia, Bukovina, Transylvania, the Banat and Dobruja, is now a country of at least 10 distinct nationalities. In its parliament are seen peasants with white kirtle and embroidered vests and leggings reminding of the red Indians, sitting together with red-headed Turks.

"It is especially in the Dobruja that these different nationalities settle together," said Queen Marie of Roumania. "Together with Rumanians, live peacefully side by side, Bulgarians, Turks, Tartars, Russians, and in places even Germans. There are even Armenians."

"I have visited a village in the Dobruja which was part Rumanian, part Russian, part German and part Turkish. I went from one side to another, visiting many a cottage, entering each church, ending my round in the tiny mosque with its faded carpet and there in a crowd of lowly Turks I listened to their curious service of which I understood naught. A woman, who is not veiled, has no right to enter the holy precinct; but a royal name opens many a door, and many a severe rule is broken in the joy of receiving so unusual a guest."

"On a burning summer day I came to a tiny town almost entirely inhabited by Turks. I was distributing money among the poor and forsaken, and had been moving from place to place. Now it was the turn of the Musgiman population, therefore I visited the most wretched quarters my hands filled with many a coin."

"Such was their joy at my coming that the real object of my visit was almost forgotten. I found myself surrounded by a swarm of excited women in strange attire, prattling a language I could not understand."

"They called me Sultana, and each one wanted to touch me; they fingered my clothes, patted me on the back, one old hag even chuckled me under the chin. They drew me with them from hut to hut, from court to court. I found myself separated from my companions, wandering in a world I had never known. In a labyrinth of tiny mud-built huts, of ridiculously small gardens, of hidden little courts, they dragged me with them, making me enter their hovels, put my hand on their children and sit down."

"The poorer Musgiman women are not really veiled. They wear wide cotton trousers, and over these a sort of mantle which they hold together under the nose. The shape of these mantles gives them that indescribable line, so agreeable to the eye, and which alone belongs to the East. Also the colors they choose are always harmonious; they are toned down to their surroundings by sun and dust. They wear strange dull blues and mauves—even their blacks are not really black, but have taken rusty tints that mingle pleasingly with the mud-colored environment in which they dwell."

"When attired for longer excursions, their garb is generally black, with a snow-white cloth on their heads, wrapped in such manner that it conceals the entire face, except the eyes. Indescribably picturesque and mysterious are these dusky figures, generally carrying a heavy staff in their hands; there is something biblical about there is something biblical about to far-away times!"

Can the Baby Roll With Safety on Your Rugs?

Youngsters will toddle and tumble and roll. It's a happy, human trait—but have you made provision for it in your home, so that the health of your little ones can be properly safeguarded?

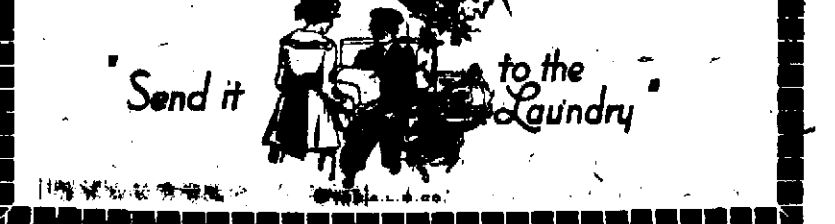

A good precaution is to be sure that the washable rugs in the nursery, in the bed rooms and elsewhere in the home are always properly clean.

And it is no trouble to keep them that way if you will just send them to us once in a while for laundering.

Our laundering method is good for rugs.

Yes; our Dry Cleaning department is the best in the state and we employ only experts who know how to bring back that entire newness to the garments that you think can not be restored to its new appearance again. All we ask is a trial to convince you.

Telephone and we will send our driver.

How Much Should a Man

have "laid by" in the bank?

Naturally that depends upon the man's income, his responsibilities to dependents and his present habit of life.

Have YOU figured out what you should have AHEAD—what would be the least you and your dependents could live on?

Do it—and accumulate the amount at 4 per cent in our Savings Department.

BLOOIE! AND "GEORGES" WENT DOWN

NEW YORK—It's all over but the shouting! "Dempsey" has knocked "Carpentier" for a ten-count. That is to say, the Tauger twins, Thomas and Jack, posing as the two heavyweight champs, pulled the trick during the annual "June walk" of the Thomas A. Williams Democratic Club of the Ninth Assembly District.
